

AY, JUNE 30, 1876.

Church Notice.

Sunday, at 10:30, at the Methodist Episcopal Church, Rev. D. B. WRIGHT, Pastor. Methodist South will preach at 11 each Sunday, at T. H. Head's house.

SPECIAL NOTICES in the reading columns will be charged at the rate of THIRTY CENTS per line for first insertion, and twenty cents a line for each subsequent insertion.

Local Intelligence.

For the very best of watch and clock work go to BERTLING, Montezuma Street, Prescott, Jan 7.

Ben Weaver has just received a large lot of white-sage honey, which he offers cheap for cash.

Jack Hill is engaged in cutting some beautiful stone caps for the pilasters in C. P. Head & Co.'s new building.

Frederick & Heenan have been rushing things during the week in order to get the tin roof on James Howey's brick building in time to fix up the hall for the 4th of July ball.

Brick gave out last week, and the masons had to stop work for a few days both on C. P. Head & Co.'s building and the school-house, but another kiln has been opened, and now they are slashing away again.

L. B. Jewell yesterday sold to W. A. Howe, of Anderson & Rowe, his interest in the Tiger ground, adjoining the Riggs & Hammond claims, for \$300. We are not posted as to the extent of the interest sold.

S. C. Rogers will deliver the oration at Williamson Valley on the Fourth, and Judge Wilkes will hold forth at Walnut Creek. John Q. Page has consented to read the Declaration at the latter place. We shall have a representative at one or both places to report their doings, as far as we can find space to do so.

DEDICATION.—At half-past eight p. m. on the 4th of July, Luke's Hall, at the corner of Marina and Willis streets, will be dedicated to public uses, such as theatrical performances, balls, public meetings, etc., by a dedicatory address, on which occasion the ladies and gentlemen of Prescott are invited to be present. Champagne, lemonade, etc., will be provided by the proprietor.

L. B. Jewell, who has been residing for several months with his family at San Bernardino, on account of the feeble condition of his wife, returned on Monday by C. & A. stage. He informs us that Mrs. Jewell's health is still poor, and although she occasionally rides out, she has to be lifted in and out of her carriage. She will not return to Prescott.

W. Z. Wilson and A. S. Haskell have formed a partnership and are about to erect a planing-mill, sash and blind factory, turning-lathes, etc. They have purchased Geo. Curtis' small engine, and Mr. Wilson is now in San Francisco to procure the necessary tools, machinery, etc., to complete the enterprise.

Some months since, Hon. Coles Bashford resigned his position as Secretary of Arizona, and Mr. Sanborn was appointed in his stead, but did not put in an appearance. Subsequently a Mr. John P. Hoyt was appointed, and on the 25th of May confirmed, and is now on his way to Tucson to take the office. On learning which, Ex-Gov. Bashford, who now resides in Prescott, left yesterday afternoon by A. and N. M. stage, to meet his successor in Tucson, and deliver over the Territorial archives, etc., to him. After which Mr. Bashford will return to Prescott and join his family, where they propose to make their future home. Just before leaving, his son Will, who was not quite ready, but didn't want to wait his return, up and got married on the spur of the moment, in order that his father might be present to witness the ceremony.

HYMENIAL.—Under the appropriate heading, our readers will observe the marriage notice of our worthy young townsman, Mr. William C. Bashford, and Miss M. Louise Evans. The affair came off yesterday forenoon, at the residence of Wm. M. Buffum, Esq.,—brother-in-law of the bride. The ceremony was performed by Rev. A. Gilmore, Chaplain U. S. A., and the presence of the relatives and a few friends, only, graced the nuptial occasion. The display of presents was very beautiful, and a noticeable feature was that the idea of utility had been considered in their selection. Both the bride and groom are well known in our community, and many and fervent are the wishes expressed for the happiness of the newly made husband and wife. We add our congratulations to Mr. Bashford, and rejoice in his good fortune in securing such an amiable and excellent young lady for a companion in his journey through life.

FOUND DEAD.—Day-before yesterday morning, Coroner O'is was notified that the body of a man had been found somewhere beyond Hino Valley, and taking suitable assistance went out and found an inquest. Arriving at the spot they held that the body had been buried by Geo. Banghart, John Evans and others, near where it was found on the old Government road leading from Hino Valley to Bear Spring, some three miles beyond Banghart's ranch. The body was exhumed, examined by Dr. Warren E. Ay, and placed in a coffin which the Coroner took with him from here, and re-buried, from the testimony of a member of the Boston colony, who recognized the body as being that of Abraham Gagnon, who was a member of the Colony, it was ascertained that he had left San Francisco Mountain some three weeks since, intending to come to Prescott in quest of work at his trade, but not being heard of until found dead, in the position in which he was found, lying on his back under a juniper tree, with a head pillowed on a stone and his pistol in his hand, with such other testimony they could get, the jury came to the conclusion that his name was Abraham Gagnon, native of Canada, aged about 45 years, and that he came to this death by a pistol-shot fired by his own hand while in a state of mental aberration, superinduced by want of food.

FOURTH OF JULY.

Already flags and other evidences of the approach of the Centennial Fourth are beginning to show themselves in the streets and at the doors of houses, where patriotic emblems are kept for sale, as well as upon poles and in the hands of the boys, evincing an unusual interest in the approaching Celebration.

The programme advertised to-day will tell the story of what is in contemplation by the people in a collective capacity, so far as the Committee were able to give it to us up to the hour of going to press. Not being able to communicate with Judge Goodwin, who is in attendance upon the Court in Mohave County the Committee did not feel warranted in announcing him as Orator of day, without first gaining his consent, and being certain that he would be here to fulfill the engagement, consequently the Oration is left out of the programme, but will be put into the Exercises, in case he arrives and consents. This was the more readily assented to by the members of the Committee in consequence of the fact of having the Historical Address, by J. H. Marion, which is a new feature on such occasions, and in case the orator does not arrive the Address will take the place of the Oration.

The storekeepers, we understand, will close their stores at 10 A. M. on that day, in order that themselves and employees may join in the Celebration, and have a good time with those more fortunate, who have no stores nor anything else. The Committee urge upon the people to be on the ground at 10:30 promptly.

IN SOAK.—Ralph H. Rogers, Col. C. P. Head and W. W. Hutchison made a trip to Black Canyon last week to look at the new discoveries made there by Jack Moore, J. W. Swilling and others, and as the weather was excessively hot, in that country, they left their coats at Swilling's ranch and rode to the mines, twelve miles distant, in their shirt-sleeves, intending to return to the ranch the same evening, but were detained in their examinations longer than they calculated on, and night came and found them still at the mines without tent, blanket or bush to shelter them; but as they were all accustomed to shift for themselves under such circumstances, they each took, what S. S. Fenn, the Idaho Delegate, would call a Missouri blanket, and settled themselves in the sand for a comfortable nap. During the night there came up such a rain-storm as they all declare has rarely, if ever been known to visit this rain-blessed region in its rainiest season. It rained and poured down in cataracts and floods, until not only our mine-hunting friends, but the whole earth thereabouts was perfectly saturated with it. To get up and run, was only to make matters worse, as there was not a bush nor a rock in many miles of them to break the force of the storm, and they each lay, like Enoch Arden, "prone upon the ground, dug their fingers into the wet earth, and prayed." Rogers, who is accused by his companions of being the Jona of the party, inasmuch as his going out to look at mines is generally a signal for rain, was frequently heard during the storm to mutter to himself something that sounded like swearing, which was no doubt an invocation to the rain-god to let up, but in the meantime his want of faith in the efficacy of prayer was manifested in an effort to dig himself deeper into the sand, so as to husband all the warmth his body had communicated to the ground, as he expected a protracted siege. Col. Head says, if he owned a dry ranch, and the corn was suffering for want of rain, he should stake Rogers out in the middle of the field and confidently expect a rain-storm inside of six hours.

The most beautiful jewelry that has ever been manufactured in Arizona is now being made at BERTLING'S.

MINES LEASED.—Mulvonen & Roach, the Turkey Creek smelters, have leased the galena stratum on the Black Warrior ground, of Smith, Buttrick & Co. They are to sink a shaft 50 feet and drift 50 feet each way from the bottom, for two-thirds of the ore that comes out. Their object is to get the galena for fluxing dry ores at their smelter. The ore however carries a large percentage of silver. They have also leased the discovery recently made by Spaulding, Cole & Co. on the divide between East Hassayampa and Turkey Creek, for the same purpose. Spaulding, Cole & Co. have leased the Goodwin mine, near Turkey Creek Station, for two years, of Collyer, Hatz and others, for three-fourths of the net bullion it produces. They have eighteen inches of pay ore in this mine that goes over two hundred dollars per ton by smelting process.

Draw, Pettibone, Sivyver, Keys, Schults & Co. have made another discovery, on Cherry Creek this time, and are sinking on it. Len Sivyver was in town day-before yesterday and took out a bellows and other blacksmith's tools, some grub, etc., and say they have a good prospect, but are not prepared to say how good just yet until they prospect a little further.

John Holmes has struck a ten-inch streak of \$500-ore in his claim on the Goodwin lode, Turkey Creek.

The flour panic is over, several loads having arrived during the week, both from California and Salt River, and more expected soon. The amount on hand will all be taken, but before the people get hungry again there will be more.

LIBERTY POLE.—Kelly & Stephens have erected a nice pole in front of their place of business, northwest corner of the Plaza, and strung up a twenty-foot flag on it.

The firm of H. Asher & Co. has been undergoing a change, as will be seen by their changed advertisement and notice published in this paper. H. Ellis retires from the business, having disposed of his interest to Louis Wollenberg. The firm name hereafter will be Asher & Wollenberg. Hymen Ellis notifies debtors to the old firm that the business must be closed on or before the first day of August.

FOR COUNTY RECORDER.—William Wilkerson, present incumbent, announces his name in this issue of the MINER for re-election to the office of County Recorder. His past experience and conduct in the Office are a better guarantee of what may be expected of him in future, if elected, than any assurance we could give. He is an old resident and miner, the people know him, and have confidence in his honesty and ability to fully perform the duties the office imposes.

Major W. H. Forbes, Agent for the Arizona and New Mexico Express Co., at Indian Wells, died suddenly at that place, on Sunday, June 18th, as we learn by passengers who arrived here last Sunday. No particulars are given, as the fact has not been communicated by letter to Mr. Blake, the Agent here, up to the time of this writing.

ANNOUNCEMENTS.

NOTICE.—Candidates for county offices will be charged \$25 for the publication of announcements during the campaign. The amount must accompany the announcement.

For County Recorder.

To the Voters of Yavapai County: Announcements being in order, the undersigned hereby announces himself as an independent candidate for re-election to the office of County Recorder of Yavapai County, Arizona, at the ensuing November election. With many thanks for the support heretofore given me, I am, very respectfully, WM. WILKERSON.

For County Treasurer.

I most respectfully offer myself as a candidate for County Treasurer of Yavapai County. Being a resident of the county for over ten years the old settlers are nearly all acquainted with me, and the new settlers can find out who I am by asking almost any old resident. My name was before you last election for Supervisor and I was elected by a flattering vote, but a change in my business compelled me to resign soon after taking the office, which I think will be overlooked by my friends, who I hope will come forward with new recruits and I will endeavor to do my part if elected. BENJ. H. WEAVER.

For Sheriff.

I announce myself as a candidate for the office of County Treasurer of Yavapai County, at the ensuing November election. WM. M. RUFFIN.

For Sheriff.

I hereby announce myself as a candidate for Sheriff of Yavapai County at the ensuing November election. JOHN H. BEHAN.

For County Treasurer.

I announce myself as a candidate for the office of County Treasurer of Yavapai County, at the ensuing election. E. J. COOK.

For County Recorder.

I hereby announce myself as a candidate for County Recorder of Yavapai County at the ensuing November election. E. S. PENWELL.

For Sheriff.

To the Voters of Yavapai County: From the many inquiries being made, it is evident that the public mind is already considering the subject of the ensuing November election; and in obedience to the expressed desire of many voters, I hereby announce myself as an INDEPENDENT CANDIDATE for re-election to the office of Sheriff of Yavapai County. I also take this occasion to return my sincere thanks for the support heretofore given me, and trust that I have discharged the duties of the office in a manner calculated to ensure even a larger vote in November. Referring to the past as my best pledge for the future, and relying upon the ability experience ought to bring, I am, very respectfully, ED. F. BOWERS.

For Congress.

To the People of Arizona: I most respectfully offer myself as a candidate for Delegate to Congress, at the Election in November next. In a similar announcement by me, nearly two years ago, I stated that the reasons which induced me to depart from the business of private life, that I might devote some attention to the general welfare, would be explained by me at such times and places as my friends would indicate. That promise was fulfilled; and I now state for the benefit of "whom it may concern," that I shall, prior to the election, make the tour of the Territory and set forth, as well as I am able, our wishes and our wants, and what I purpose doing in case I am elected. Since our last election, there has been a marked and wonderful improvement in our mining interests, which form the basis of our prosperity and happiness—that is, if you understand a prosperous people to be a happy people—and how great those changes are and how vast the possibilities which loom ahead, it shall be my province and my delight to delineate in the course of the coming campaign. With my profound acknowledgments to those who so generously supported me at the last election, and with the hope that their ranks may be overwhelming in the coming contest, I present myself as an independent candidate for Congress, and invite every voter in the Territory to "use the scratch" in behalf of its interests at the polls, and I will endeavor to do my part, if elected.
